

## America's U.S. Miss Mission

The America's U.S. Miss Scholarship Program is designed to recognize and promote the accomplishments and uniqueness of all-American, outstanding young ladies from across the country. Finalists must excel in the areas of **academics**, **volunteer service**, and **self-confidence**. Our goal is to help young ladies develop poise and self-confidence, while earning thousands of dollars in college scholarships and recognizing their accomplishments.

Each finalist will take home lifelong skills by participating in our program. She will learn how to effectively speak with self-confidence, as well as learn how to dress and conduct herself in a private one-on-one interview with our distinguished panel of judges. Finalists have the opportunity to interact with other outstanding young people from different backgrounds and interests. All of these skills gained by participating in the America's U.S. Miss Scholarship Program will further assist each finalist in their advancement in academics and to promote life-long learning to achieve success in her future career!
